HMCC Presidents Report July 2018

Hello again everyone. Well its been a quiet month apart from the trials guys still doing there thing (see BBM round 3 results in mag) and they are also looking for observers for some of their upcoming meetings, particularly the when running the North Island Championship rounds 7 & 8 in Tauranga and Hamilton on the 1st and 2nd of September. Full training will be given and from feedback Ive heard its a great day out watching some skilled riding so please consider it and have a go. This month they are running round 3 of the Hamilton Champs on Sunday, 15 July.

July sees our annual road riders Hot pools ride take place-see mag for more details. The mid-winter dip ride didn't happen, you could say there was a dip in support due to early shocking looking weather. The clubs annual swap meet is now combined with the classic register, this will enable a larger event with organisation not necessarily falling on one or two people. The club has two representatives who will report back to us with what, how, when and where so be ready to put your hands out and help when the call goes out.

Speaking about the call going out please remember our Round 2 of the Kawasaki Winter Series @ Hampton Downs In mid August, a few more marshalls than normal will be required so please help there also. Keep in mind that the clubs 100th year anniversary will be in 2020. We are already throwing a couple of ideas around and input from club members will be required at some stage.

See you at club night,
 Cheers Frilly.

NEXT CLUB NIGHT

5th July

Doors open 7.30pm

Display bike for the month:

KTM 790 Duke - Scalpel

Courtesy of Boyds Motorcycles

Come and display yourself too

Volunteers make it happen - they are awesome

HMCC's Kawasaki sponsored 2018 Winter Series

Round 2 - Hampton Downs on 19 August

The track marshals do it tough by hanging in there wet or dry, rain or shine, and don't forget the wind burn. But they have a great view of the race, and are first on the scene to help a rider that has gone down.

We will be needing extra track marshals for this round. We need a minimum of 10 more than are required for the Taupo rounds.

Can you give a hand? Text me now rather than later please.

Travel reimbursement and lunch & water on race day

You need to supply your self, warm and/or wet gear. We supply a hi-viz vest.

Contact Ray on 022 3400118 if you can help or have questions.

Trials - North Island Championships

Rounds 7 & 8 - September 1st (Tauranga), Sept 2nd (Hamilton)

If you want to be an observer/clipper at the Tauranga or Hamilton rounds of the N.I. Mototrial Champs on 1st or 2nd of September please contact Tony Perkins

(027 274 1237) or Barry Nicholls (021 141 8115).

Training, lunch and petrol money will be provided.

A QUICK LOOK AT WHAT'S COMING UP

ROAD RIDES: Sunday July 22 - Hot pool ride - Te Aroha)

August 4th & 5th - Coromandel overnighiter at Pat's Place,

September - let the committee know of a new ride?,

October - ANZAC Road Trial (maybe Labour weekend?) - Steve W has plotted a trial for the club. It will be worthy of HMCC's best!!

TRIALS EVENTS: Sunday 15 July - Round 3 Hamilton Championships,

Sunday 12 August - Round 1 Errol McCabe Memorial.

1st & 2nd September - HMCC hosts a round of the North Island Championship on September 2

RACING: Round 2 Winter Series at Hampton Downs 19 August

For Sale - Riding Gear

Back protector - \$20. Under shorts - Total Impact protection for hip & coccyx protection \$40. Helmet - HJC Lorenzo replica (L) \$90, Pants - DriRider XXL - brand new. \$70 and Revitt XXL - near new. \$50, Jacket - Oxford - size 48 (XXXL) brand new \$100, Jacket - Technic - Alufoil insulation zip liner - size 48. \$100

Ray 022 3400118 ... can bring to club night if you want

FIVE STUPID CRASHES TO AVOID

Tyres, gravel and U-turns can be your worst enemies

From www.visordown.com

CRASHING sucks – and it's even worse when it's something stupid that's caused it. Here's five of the silliest spills you can do (and we've all done them...) And, of course, how to avoid them...

1. New tyres

Speak to any bike tyre place, and they'll regale you with tales of 5mph highsides and locked front ends outside their shop every week. New tyres are incredibly slippery for the first few miles, and you can be on your arse very quickly if you forget this. Even just shutting the throttle on a big bike (especially a V-twin) can lock up a brand-new rear tyre, and you can be sideways fast. And if you weren't expecting it, you often get caught totally by surprise.

The answer is obvious – listen to what the tyre fitter told you when you paid the bill! Go super (super) steady for the first few miles on new, cold tyres.

2. Cold Tyres

EVEN when they're run-in, tyres have far less grip when they're cold, duh. Go gentle with the throttle and brakes for the first ten minutes of a ride, and your rubber will work much better, saving your hide from an embarrassing spill at the end of your street.

3. Gravel

FILTERING up the outside of a long line of traffic, you feel like king of the road. Then, the lights start to change, you rush in at the side of the queue at the lights, and lose the front on all the dirt, gravel and rubbish that builds up at the side of the road near junctions. Plan ahead – give yourself an exit route away from 'dirty' parts of the road, and be prepared to stop more gently if you need to.

4. U turns

A CLASSIC for newbies – but even experts can drop a bike when doing a tight U-turn, especially shorter riders on taller bikes. Stalling the engine is the usual route to the deck, but it's possible to lose your balance even without killing the engine. Concentration is key, as is practice, and this is something you can easily get up to speed with in a car park. Use your back brake to slow things down, feather the clutch and raise the revs to prevent stalling. Look where you want to go, and don't panic...

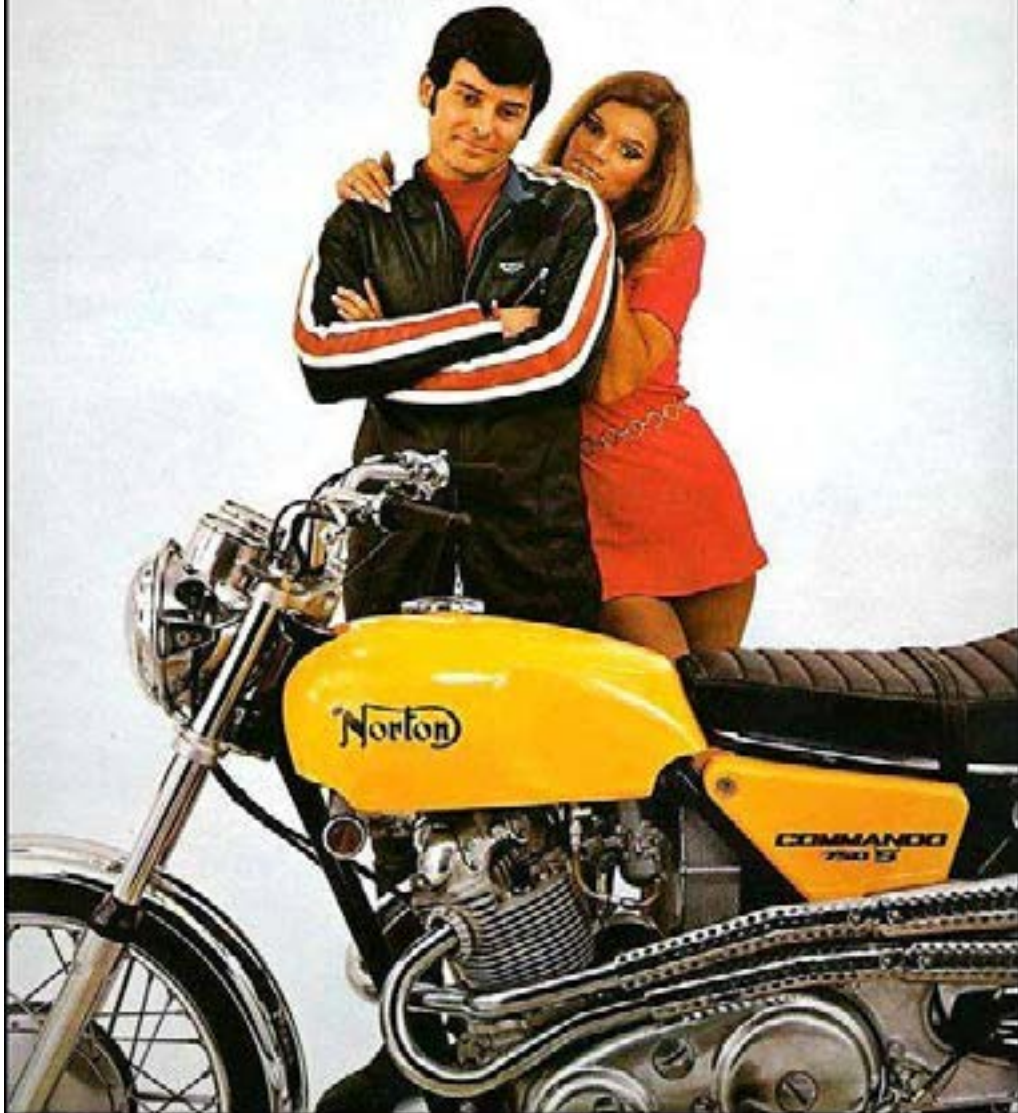

5. Track day cool down lap

NOW this is definitely one to avoid – nothing is more embarrassing than crashing on the in lap... There's something about that final lap after the chequered flag that puts so many people in the gravel – maybe it's the sudden break of concentration after being focused so hard on the task in hand?

Whatever the cause, it's worth paying extra attention here. Once you roll off the throttle and start to cruise round to the pits, stay aware of corners coming up, and don't be distracted by waving to your pals trackside, or high-fiving other riders on track...

Norton 1970
Commandos were designed
for a very good reason—

to give you what you want!

The motorcycle has come a long way. From A to Z-1, the ultimate way to come out ahead on a Kawasaki.

Z-1 900cc

More muscle than any other 750 touring bike.

H-2 750cc

Newest version of the famous Mach III.

H-1 500cc

More guts, more go than any 350 on the street.

S-2 350cc

World's only 3-cylinder 250 packs a solid punch.

S-1 250cc

Kawasaki for 1973.
